My vision is to graduate as an IT Professional with a holistic understanding of **SMAC**- Social, Mobility, Analytic, and Cloud to be able to make a positive contribution to the IT world.

Currently I am looking for exposure to learn how IT technologies apply to real Business world scenarios.

Education

- Current: B.Tech. in Information Technology, Manipal Institute of Technology (3rd Year) with 7.2CGPA
- Completed Higher Secondary in 2013 from Lakshmipat Singhanian Academy, Kolkata under CBSE Curriculum with 8.9GP

Work Experience

- July 2014- Worked on IT infrastructure at **Hindustan Copper Ltd.** (a MiniRatna PSU) in Oracle Apps as an intern of CSA Consultants Pvt. Ltd. Kolkata (An Oracle Gold Partner)
- May-June 2014- Worked as Technical Intern on SEO and SEM for ethnicdukaan.com
- November 2014 to November 2015- Part time Intern at [Apps2eaze Tech India Pvt Ltd](http://Apps2eaze.com) (incubated under Manipal University) as a Web Developer
- December 2014- Learning Internship at **Ambuja Realty Development Ltd.** in SAP material management module
- June 2015- Technical Intern at **CSA Consultants Pvt. Ltd.** In SAP Lumira and SAP BI

PROJECTS

- Designed and developed a website : [The Book Hub](#) (An online repository for novels and course books and facilitating lending of paperbacks between students at Manipal University) with an (current) average of 250 visits per day.
- Database and registration system for the Technical and the Cultural Fest of MIT, Manipal. The System has been developed on LAMP stack on an Ubuntu Server.
- Room Booking System – The Room Booking System required Manipal Institute of Technology. It has the features to check for availability of rooms according to time slots and dates and then let the user send a request to book it, followed by approval by administrative users.
- Part of the Placement Portal Development Team at the Placement Office, Manipal Institute of Technology.
- Server management, Design and Development of a two-phase ticket selling system for a college concert (Proshow at Revels 2016 at Manipal Institute of Technology)
- Independently created website for “Light the Night 2014” (an **AIESEC Manipal** event involving over 2000 participants)
- Developed a data mining Web-App that uses sentiment analysis to categorise tweets on any keyword.

KEY SKILLS & ACHIEVEMENTS

- Skill sets: C++, JAVA, C#, Full stack web development (HTML5, CSS3, JavaScript, Bootstrap, PHP, MySQL etc), Data mining algorithms, Network Management, Linux Server Administration (Ubuntu and RedHat), SEO.
- Top 5 in the batch of **Nettech Private Ltd.** Summer course on Network Management in July 2015
- Core Committee member in “System Admin” category at TechTatva 2015 & Revels 2016 (Technical and cultural fests of Manipal Institute of Technology)
- Certified by **Google AdWords** certification exams.
- Handled SEO and Online marketing campaign, and designed a responsive website for **CSA Consultants Pvt. Ltd.**
- Visited **NASA’s** Kennedy Space Center as a part of the Space School Program
- Grade A at National Graphics Championship, 2010 & 2011 (for web-development)

INTERESTS

- Rowing Member of Calcutta Rowing Club- Participated in multiple Club Regattas (2009-12)
- Travelling and Reading – keen to experience different cultures and lifestyles.
